Brexit: the European Parliament’s role in prioritising patients, public health and health security across Europe

At a critical time when there is a very strong risk of a no-deal scenario, the big questions concerning Brexit for patients across the whole EU remain unanswered. This event will focus on explaining to new MEPS the challenges of safeguarding public health and health security. It will also highlight what the European Parliament can do to follow up on its [resolution from 14 March 2018](#) to ensure that the new European Commission is aware of the challenges and is acting to mitigate the risks.
